RE: Status Report

Dear Ms. Millman:

On behalf of Beth Israel Medical Center, we thank you for The Eugene Zitwer Foundation's August 2011 grant of \$800. The Zitwer Foundation's support covered the cost of playroom staffing over the Independence Day, Labor Day and Thanksgiving holidays this year (when regular Child Life staff members were out) and will pay for staff coverage on Christmas as well.

With the Unit continuing to serve close to 2,000 children per year, this special staff coverage has made a real difference in the lives of our young patients by enabling us to keep the playroom within our Pediatric Intensive Care Unit open for games, group activities and relaxation.

Thank you again for your generous support.

Sincerely,

Edward E. Conway, Jr., MD
Chairman
Milton and Bernice Stern Dept. of Pediatrics

Honey Shields
Director
Child Life Program
