Dear Ms. Dashow:

On behalf of Maimonides Medical Center, thank you for your contribution of \$2,009.00, which we received on October 20, 2009, to be used for toys at our Child Life Program at the Maimonides Infants & Children's Hospital. Your gift will help the hospital further strengthen and expand the services we provide to our youngest patients.

Private philanthropy has played an important role in our success. Today, Maimonides is the largest tertiary care hospital in Brooklyn. We are proud to provide high quality, compassionate patient care and community services to people of all faiths and backgrounds. Our physicians, nurses, staff and volunteers continue to strive for new levels of excellence in all that we do.

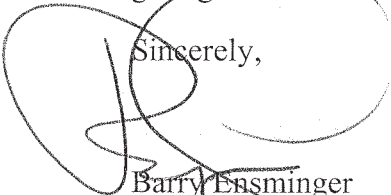

We take great pride in the excellence of the medical care we provide, particularly to infants and children who are so very vulnerable. It is the compassion with which we help them deal with a hospital experience that makes our Infants & Children's Hospital so very extraordinary.

A modernization of the Medical Center has brought our facilities to twenty-first century standards. The Infants & Children's Hospital, which delivers more babies than any other hospital in New York State and serves the sickest children in Brooklyn, has a new home.

We are very proud of our century-old tradition of service. We could not succeed without individuals like you who so generously support the work of the hospital.

Again, thank you for your generosity. If you have any questions about your charitable giving or Maimonides, please feel free to contact me at (718) 283-8200.

Sincerely,

  
Barry Ensminger  
Vice President, External Affairs
