Dear Ms. Millman and Members of the Board,

On behalf of the Mount Sinai Kravis Children's Hospital, the Child Life and Creative Arts Therapy Department and the pediatric patients and families we serve, thank you for your generous contribution to provide a brand new air hockey table for The Zone.

The Child Life and Creative Arts Therapy Department is specially designed to provide therapeutic expressive arts and recreational activities that foster growth and development to ease pain and anxiety for hospitalized children. It is with support like yours that the child life and creative arts therapy program is able to bring distraction and therapeutic play to patients and families dealing with the stress and anxiety of hospitalization. The air hockey table is the most prized and played with item in the Zone and will get lots of use.

Once again I would like to express our deepest gratitude for the donation in the amount of \$769.99. We are extremely grateful to the Eugene Zitwer Foundation for its commitment in helping to bring cheer to patients and families at Mount Sinai Kravis Children's Hospital.

Sincerely,

Dear Ms. Millman:

I am proud to be a member of the Beth Israel community. Every day, I see extraordinary acts of skill and compassion performed by our talented physicians, nurses, researchers, and staff—each member of the team dedicated to serving the healthcare needs of our neighbors, New York City and beyond.
