December 5, 2013

Dear Members of the Zitwer Foundation,

We are extremely grateful to have received funding this past summer for a brand new air hockey table in the Zone. This table provides hours of fun and entertainment for all patients that visit the Zone, these visits happen three times a day. This specific item allows teens and younger patients to connect and helps to normalize their hospital experiences. Most families that participate in Zone activities gravitate to the air hockey table for endless fun. The table is able to bring patients together with a friendly game, allowing them to connect and bond. This socialization is extremely important in the hospital setting, where children most often feel isolated and removed from their friends.

The air hockey table is truly a great piece in the Zone and we are so very thankful for your generous gift to purchase this particular item. Please enjoy the included picture of children enjoying the air hockey table.

On behalf of the Child Life and Creative Art Therapy department thank you for your continuous support through past funding. We wish everyone at the Zitwer Foundation a Happy New Year.

Sincerely,

Lori Lerma, MS, CCLS
