November 22, 2006

Dear Mary:

On behalf of the children, parents, and the staff of the Pediatric Units at the Hassenfeld Center, Rusk Institute of Rehabilitation Medicine, and Tisch Hospital, we would like to extend a sincere thank you to the Eugene Zitwer Foundation for providing the visit from the NY Aquarium on November 13, 2006. The visit was entertaining and educational for all who participated. The children were encouraged to interact and participate in the program. Approximately 30 children and various family members attended the afternoon's events.

As always, the children truly enjoyed the experience. Thank you again for providing this very special event to all of our children who are a part of NYU Medical Center. Thank you for continually including us in your ongoing programs.

Sincerely,

A handwritten signature in black ink that reads "Lisa S. Del Guidice".
