Ms. Mary Zitwer Millman
President
The Eugene Zitwer Foundation, Inc.
50 Court Street, Suite 702
Brooklyn, NY 11201-4859

Dear Ms. Millman,

I cannot believe it is this time of year again. This has been a busy yet exciting year for Child Life Services. We are so grateful for the support The Eugene Zitwer Foundation has provided over the years, and especially during these challenging economic times. Your contribution to support our weekend child life assistant position has been a tremendous help to our program.

I hope the relationship between The Eugene Zitwer Foundation and the Phyllis and David Komansky Center for Children's Health continues to thrive as we move forward. I still welcome the opportunity to take you on a tour of the renovated pediatric units and share in more detail with you our plans for expanding child life services.

As you have indicated that the Foundation would be receptive to a new request from us, I respectfully submit the following proposal for the Foundation for Child Life Services to continue to support our weekend Child Life Assistant. Enclosed is a brief description of Child Life Services and a budget which includes three funding options.

Thank you for your consideration. Please telephone me if you want to discuss this further, or need additional information.

Sincerely,

Maura Connelly, MS, CCLS
