

January 2, 2026

Dear Mary Zitwer Millman and the entire Eugene Zitwer Foundation Board,

The Division of Pediatric Hematology/Oncology at the Brookdale University Hospital and Medical Center would like to thank you for your generous financial support and participation in our annual holiday party. Your kindness helped transform an ordinary day into a joyful celebration filled with laughter, connection, and meaningful moments for children facing serious medical challenges.

Because of your generosity, our patients were able to experience the magic of the season through festive activities, exciting entertainment, thoughtful gifts, and a sense of normalcy during a time that can otherwise be overwhelming. With your financial donation we were able to purchase gifts and gift cards for each patient, use party planner Sue Benjamin with Eventus Inc to have a face painter, balloon twister, circus juggler, and a magician. The flowers you organized to have donated through Jay Casiano from Plantshed were stunning as usual and made the tables pop. As a Child Life Specialist, it is incredibly meaningful to see how opportunities like this support emotional well-being, coping, and positive memories for our patients and their families.

We are deeply grateful for your continued commitment to our children and for helping us create moments of joy and hope. Thank you for making such a lasting impact on the lives of the patients we serve.

Warmest Regards,
