

December 27, 2021

Dear Members of the Eugene Zitwer Foundation,

Happy Holidays!! We are very grateful to have had your support during this holiday season. Despite the continued challenges and changes this year has brought to all of us, it meant so much that our pediatric patients are still on your mind. I would like to extend our heartfelt appreciation for your generous donation towards gift cards, outfits for NICU, and toys through our amazon wishlist. The Brooklyn Hospital Center and Child Life Program had a successful holiday season and we were able to give each one of our patients a special gift this year. Our children and their families truly loved their gifts, allowing them to celebrate the holiday during a very stressful hospital visit.

By supporting our children and families you assist our Child Life Program in providing our patients with much needed normalization during the holiday season. People turn to hospitals in their most vulnerable of times, and these toys make a huge impact on these pediatric patients undergoing treatments and the time spent away from home. Your support helps make the hospital less scary and brings our children joy and cheer. We will continue to give out toys throughout the year, providing our children with birthday gifts when hospitalized, rewards for bravery, prizes for successful treatments and gift for other milestones.

We wish you all a happy and healthy 2021 and look forward to working with you again soon. If you have any questions, please feel free to contact me at (718) 250-8514 or akreisberg@tbh.org.

Thank you,

Noah Kondamudi, MD. MBA. FACEP. FAAP. CPE
Chairman, Department of Pediatrics
The Brooklyn Hospital Center

Alexa Cowit, M.S., CCLS
Child Life Director
