To the Eugene Zitwer Foundation,

On behalf of the Department of Pediatrics at Lenox Hill Hospital, thank you again for granting us the funds to make this past holiday season special for our patients and families. With this grant, we were able to provide every pediatric patient with at least two gifts in the weeks surrounding the winter holidays. We were also able to provide every NICU family with a swaddle blanket, ornament, and book whether they celebrated Christmas, Hanukkah, Kwanzaa, or simply the winter season. Families on both our pediatric in-patient unit and NICU expressed their deepest gratitude.

Included are the requested receipts. We spent a little over our initial ask, totaling \$1,868.96. I would like to note that one of our initial orders was never received due to items being on back order. I canceled this order as the items were holiday specific activities and giveaways (receipt not included as the contract is pay upon shipment) and ordered additional toys from another vendor, which arrived in February. These toys will be added to the gifts that we give patients throughout the year.

Please let me know if you have any questions re: the purchases or receipts.

With sincerest appreciation,
