Dear Members of the Board,

The Brooklyn Hospital Center and Child Life Program would like to thank you for contributing to a very successful and cheerful holiday party this year for our pediatric hematology and oncology patients, as well as our NICU graduates. We are so grateful for the support you provided for the holiday parties, bringing our children and their families much joy and happiness with face painting, decorations, and a photo booth!

By supporting our children and families you assist our Child Life Program in providing them with normalization during the holiday season. People turn to hospitals in their most vulnerable of times, your support during the holiday makes a huge impact on these pediatric patients. By contributing you not only supported the Child Life Program in making the hospital less scary, but brought the children joy and cheer.

We wish you all a happy and healthy 2019 and look forward to working with you again soon. As a community hospital serving Brooklyn for 170 years and counting, your generosity, kindness and friendship help further our mission of providing quality care to all, regardless of ability to pay. If you would like a tax receipt for your in-kind donation, please contact Amanda Dorn at The Brooklyn Hospital Foundation at [adorn@tbh.org](mailto:adorn@tbh.org) or (718) 250-6514.
