August 2, 2013

Dear Board Members of The Eugene Zitwer Foundation, Inc.,

On behalf of the Child Life and Pediatric Department at Wyckoff Heights Medical Center, I would like to thank you for your generous donation of \$2,332. Your contribution makes it possible for Wyckoff to further enhance the medical experience for our medically fragile children through the improvement of our pediatric treatment and exam rooms via decals, televisions, and iPad use.

Since its inception in early December 2012, our newly founded Child Life program along with the larger Pediatric Department have partnered together to support critically ill children through dynamic holistic programs and patient-centered environmental changes to ease the fears and overall feelings of anxiety which often accompany medical visits and hospitalization. Despite our best efforts, the creation of long-lasting, sustainable initiatives are only possible through thoughtful contributions from individuals such as yourselves. Please know that your support is so very much appreciated; we hope to partner with you on forthcoming endeavors in the future.

Also, please keep this written acknowledgement of your donation for your tax records. Once again, thank you for your generosity.

Sincerely,

Angela Barimah MS, CCLS  
Certified Child Life Specialist, Pediatrics
